keeping ducks on the same land.

Explication: It can be seen in the second paragraph of the text.

c) What does the Word **farming** in paragraph two mean?

Answer: The word *growing* in paragraph two means to develop the agriculture of a certain type of food. It means “to produce in high quantities”.

Explication: This word has many meanings. It, originally, means to develop, to expand. So, in this context, it means the development of a certain activity.

d) Mention one positive aspect of integrated crop-livestock farming.

Answer: One positive aspect of integrated crop-live-stock farming is that the waste products of one component serve as resource for the other.

Explication: It is described in the last paragraph.

e) In few words, write the main idea of the text.

Answer: The text is all about the impact of population growth and Urbanization in farming and the measures to keep the live-stock.

Explication: The text talks about the impact of population growing. The problem is that as people get multiplied and the urbanization (the expanding of cities), land gets lost and people can't get where to do their activities.

2. Read this sentence: “Farmers produce crops and livestock on the same piece of land”.

a) Copy the subject of the sentence to your answer sheet.

Answer: The subject of the sentence is: farmers.

Explication: This is the word about what the sentence is centered. It is the centre of the sentence and suffers the action.

b) Write the sentence in the present passive voice.

Answer: Crops and livestock on the same piece of land are produced by farmers.

Section III: Writing

Composition

Running a business has many advantages and disadvantages.

Advantages include increased income, brand awareness, and economies of scale. Disadvantages include increased costs and risk, loss of control, and dilution of brand and quality. Trying to detail it, we can say that one of the advantages is financial risks, because we may need to spend money to make money, and we may end up in debt if we don't manage our finances. Apart from that, we can find some advantage, like working from home can be convenient, and we can consolidate our home and work life.

Running a business can surely provide us much acknowledgement as well as richness. But we can't forget what we think of selling. If we bet on common products, we won't get the profits and we can get depressed. That is why people bet on lending money at banks and when they do not get the profits to get to pay back, they run away, they suicide themselves and can even send their houses. So, to make the business more profitable we have to make a deep study before.

The End!
